Summary

This Item presents the Shire of Dowerin’s Regional Road Group (RRG) 5 Year Plan to Council for consideration.

Background

Road Project Grants are to be used for specific projects that are assessed and prioritised by the Regional Road Groups, in accordance with the State Road Funds to Local Government Procedures and the Roads 2040 Regional Strategies. Funding is on a 2/3 State and 1/3 Local Government basis. Allocations are based on a five-year program.

Comment

The Shire’s Regional Road Group (RRG) 5-year plan was last endorsed at the Ordinary Council Meeting held on 21 February 2023. Since that time, sections of road have experienced deterioration, resulting in a minor reassessment of our priorities in the plan.

The revised plan includes minor adjustments to the priority roads to address these issues. Additionally, the plan now includes the 2029/2030 financial year projects.

Recent geotechnical investigations on these deteriorating sections have provided additional data to further refine the RRG road construction plan.

The RRG are now recommending completing one larger section of road with a two-coat seal in the same financial year to yield better long-term results. This approach, as opposed to staggering the second coat across multiple years, has proven to be more cost-effective and this methodology is reflected in the updated plan and aims to maximise the value of each project while maintaining a high standard of safety and quality.

The changes proposed are necessary to ensure our roads remain safe, well-maintained, and meet the needs of our community, both now and in the future.
